FISCHERSPOONER

Live Performance May 15 – 17, 2002
Sweetness Premiere May 11 – 25, 2002

One of the most spectacular events ever to take place in a contemporary art gallery will be the live performance of Fischerspooner on May 15, 16 and 17th at Deitch Projects. Two live shows will take place each evening at 8 and 10PM, at 18 Wooster Street.

Fischerspooner's new film Sweetness will premiere in an installation at the Deitch Projects 76 Grand Street gallery on Saturday May 11th. The film installation will remain on view through May 25th.

FISCHERSPOONER is an ongoing project about entertainment and spectacle. Its first incarnation was a two-person, low-fi electro-pop performance by Warren Fischer and Casey Spooner at a Starbucks coffee shop in New York City. From this humble beginning, FS has evolved into an elaborate combination of elements associated with pop entertainment. Music, performance, dance, fashion, film, design, photography and the Internet are all tools that FS uses to fabricate its illusion of glamour and popularity. Their album '#1' will be released in June on FS Studios / Ministry Of Sound.

Availability is limited. For reservations please email fischerspooner@deitch.com.
